LEADERSHIP

30+ years across people leadership, operations, finance, governance, client delivery and continuous improvement.

PROFESSIONAL EXPERIENCE

Nestech Limited | Napier

Relationship Manager | Technology Delivery & Operations Sep 2023 – Feb 2026

Held a broad senior role spanning client discovery, solution development, technology project delivery, team leadership and commercial management.

- Lead client engagements from discovery through solution design, delivery, handover and post-implementation review alongside the Lead Architect and CTO.
- Developed Statements of Work, project scope and commercial requirements, following solutions through client approval and delivery.
- Lead teams of Project Managers, Business Analysts, Data Engineers and technical specialists; coordinated approximately 10–15 people at peak.
- Worked with the CTO on resourcing and priorities, balancing capacity across multiple concurrent engagements.
- Oversaw multiple projects concurrently, tracking milestones, risks, issues, dependencies and changing client requirements.
- Managed project budgets and job performance alongside the CTO, monitoring scope, effort and commercial position.
- Ran project meetings, resolved delivery issues and maintained senior client relationships throughout delivery.
- Actively participated in management meetings and contributed to forecasting, tenders, service improvement, AI-enabled solutions and automation opportunities.

Matthews Eyecare (Kuske) | Napier

Practice Manager–Fixed-term Maternity Cover Apr 2023 – Sep 2023

Lead the Team, financial, operational and customer-service functions of a busy optometry practice while remaining actively involved in clinical-support and optical-dispensing services.

- Managed daily practice operations, team coordination, staff rostering and competing service priorities.
- Recruitment, interviewing and staff selection; developed position descriptions and coordinated onboarding and induction.
- Managed staff performance through clear expectations, coaching, training and timely early intervention.
- Prepared and monitored budgets, managed purchasing and maintained oversight of the practice's financial viability.
- Maintaining supplier relationships, inventory and frame purchasing to balance customer choice, quality and requirements.
- Participated in stakeholder meetings, providing operational insight and contributing to practice decisions and improvement initiatives.
- Dispensed spectacles and supported customers with frame selection, fitting, adjustments and repairs, drawing on extensive optical-sector experience.
- Delivery of marketing initiatives while improving customer experience across the practice.
- Fostered a positive, people-centred team culture while maintaining service quality, operational efficiency and commercial performance.

CAREER PERSPECTIVE

Leadership first.
Technology increasingly central.

A career built around understanding how businesses work, leading people through competing priorities, and turning complex problems into practical outcomes.

TRANSFORMATION FOCUS

- Discovery before solution
- Business ↔ technology translation
- Practical governance
- Responsible use of AI
- Capability, not dependency
- Continuous improvement

INTERESTS

- Designing and sewing vintage clothing
- Building and home renovation
- Craft
- Mountain Biking

PROFESSIONAL EXPERIENCE CONTINUED

Bayleys Real Estate | Napier
SalesSupport/Personal Assistant 2020 – Apr 2023

Provide day-to-day sales and administrative support to a residential real estate business, property campaigns, client communication, marketing, documentation and compliance requirements.

- Coordinate listing and sales administration across property campaigns, managing competing priorities and time-critical deadlines.
- Prepare and maintain contracts, property information, marketing collateral, CRM/Property Suite records and client documentation in line with brand and regulatory requirements.
- Liaise with vendors, purchasers, suppliers, internal teams and other stakeholders to ensure information and actions are followed through accurately.
- Collate and review council and property information and support preparation of listing, marketing and compliance documentation.
- Maintain accurate records and handle confidential client, contractual and business information with discretion.

P and D Ltd | Auckland
Director–Business Operations & Finance 2010 – 2020

Co-directed the commercial and operational management of a painting and decorating business, with responsibility for financial control, business systems, compliance, people processes and customer delivery.

- Managed budgeting, cash flow, invoicing, accounts payable and receivable, payroll, GST records and accountant liaison.
- Prepared quotes, supported pricing decisions and monitored the commercial performance of projects.
- Coordinated project schedules, employees, subcontractors, suppliers and customer requirements.
- Led recruitment, onboarding and the day-to-day management of staff and subcontractors.
- Managed contracts, insurance, health and safety requirements, debt collection and business compliance.
- Developed the documentation, policies and operating processes required to achieve ISO accreditation.
- Introduced practical systems that improved consistency, accountability, record-keeping and operational control.
- Supported marketing, customer acquisition and the development of long-term client relationships.
- Balanced strategic and operational priorities while contributing to the overall direction and financial sustainability of the company.

Thompson Eyecare Ltd / Remuera Eyecare | Auckland
Practice Manager 2002–2010

Managed the day-to-day operation of two optometry practices across administration, accounts, systems, suppliers, purchasing, staff supervision, leadership, training and recruitment, along with providing clinical support and optical dispensing services.

ADDITIONAL CAREER EXPERIENCE

Earlier roles also included optical dispensing and territory sales, building strong foundations in customer relationships, commercial awareness and service delivery.
